MODULAR CONVEYOR BELTS

2120 Flat-Top Modular Conveyor Belts

Straight-running 2120 flat-top modular belting for lines needing a continuous product support surface. Specify the assembled width, material and existing sprockets. The related posi-track, mould-to-width and rubbertop variants need separate identification before ordering.

Unit for enquiry: metre | Product range

Product series reference. Width, material, pin and sprocket compatibility are confirmed with your quotation.

PRODUCT DETAILS

Series	2120 straight-running flat top
