BEARINGS & TRANSMISSION

Coated Timing Belts & Linatex Backings

Timing belts with grip or cushioning backings for conveying and packaging equipment. Specify the base belt independently from its added backing; coating material, thickness and finished dimensions affect pulley clearance and how the belt handles the product.

Unit for enquiry: each | Product range

Pictured: a Linatex-coated timing-belt example. Base belt, coating thickness and surface pattern are selected to the application.

PRODUCT DETAILS

Base belt	Profile, pitch length, teeth and width
Backing	Material, colour, hardness and thickness to specification
Surface	Plain, patterned or machined as required
Compatibility	Confirm pulley diameter and machine clearances

TYPES / CONFIGURATIONS

Linatex backing | PVC rough-top backing | Other specified coating | Match original assembly

This is a Beccentric product information and selection sheet. It is not a certified engineering drawing or a guarantee of stock. Confirm the exact product, compatibility and operating limits before ordering.

Specify your requirement

Coated Timing Belts & Linatex Backings

The choices below help prepare an enquiry. Other sizes and identification assistance can be requested. Not every combination is available.

Tooth profile	XL, L, H, T5, T10, AT5, AT10, HTD 5M, HTD 8M, HTD 14M, Match complete belt code
Tooth pitch (mm)	Pitch between adjacent teeth
Pitch length (mm)	Use the marked pitch length, not a guessed outside length
Belt width (mm)	Finished width
Number of teeth	Count or original belt marking
Construction	Rubber, Polyurethane, Match original
Tensile cord / reinforcement	Steel, aramid or original specification
Coating / backing requirement	Material, thickness, finish and colour
Manufacturer / complete reference	Include every prefix, suffix and marking
Application and operating conditions	Product, duty, temperature and environment

INCLUDE WITH YOUR ENQUIRY

Base belt reference, width, backing material and thickness, finished total thickness, grip surface, pulley diameter and application. Include an original sample or drawing.

Quantity: _____ Required date: _____

Company / RFQ reference: _____

Exact replacement only / alternative for approval: _____
