AUTOMATION, SENSING & INSTRUMENTATION

Industrial DIN-rail Power Supplies

Control-panel power supplies for PLCs, sensors, relays and machine controls. Specify the incoming supply and required DC output, including peak loads, cabinet temperature and available space.

Unit for enquiry: each | Product range

PULS QT40.241 DIN-rail power supply shown as a product-family example. Exact model, size, materials and configuration are confirmed in your quotation.

PRODUCT DETAILS

Input	AC or DC supply, phase and voltage range
Output	DC voltage, continuous current and peak-load requirement
Installation	DIN rail, enclosure space and ventilation
Signalling	DC-OK contact, redundancy or communication requirement

TYPES / CONFIGURATIONS

Single-phase AC input | Three-phase AC input | DC/DC requirement | Exact replacement

Choose the specification you need. Beccentric confirms the exact make, configuration, availability and lead time in the quotation. Alternatives are offered for approval. This is a Beccentric product information and selection sheet. It is not a certified engineering drawing or a guarantee of stock. Confirm the exact product, compatibility and operating limits before ordering.

Specify your requirement

Industrial DIN-rail Power Supplies

The choices below help prepare an enquiry. Other sizes and identification assistance can be requested. Not every combination is available.

Input supply	Single-phase AC, Three-phase AC, DC
Input voltage	Nominal voltage and operating range
Required DC output	Voltage, continuous amperes and peak load
Manufacturer and complete part number	Include every suffix and attach a clear label photograph
Dimensions / mounting	Enter measured dimensions in mm and mounting details
Additional requirements	DC-OK relay, redundancy, ambient temperature or approvals

INCLUDE WITH YOUR ENQUIRY

Include the complete part reference, requested specification, quantity, required date and clear photographs. Confirm whether an approved alternative may be offered.

Quantity: _____ Required date: _____

Company / RFQ reference: _____

Exact replacement only / alternative for approval: _____
