FESTO PNEUMATIC COMPONENTS

Festo MS Compressed Air Filters

MS-LF filters for particle and condensate separation in compressed-air preparation assemblies. Choose the element grade, drain and flow capacity required by the equipment.

Unit for enquiry: each | Product range

Festo product-family image. Exact size, connections and configuration are confirmed with your quotation.

PRODUCT DETAILS

Function	Sintered filtration with centrifugal separation
Filter grades	5 or 40 micrometres
Drain variants	Manual and automatic options by model
Mounting	Vertical; follow model instructions

TYPES / CONFIGURATIONS

MS4-LF | MS6-LF | Match existing

Particle filtration does not by itself remove all oil, vapour or microorganisms. Confirm the complete air-quality requirement and treatment stages. Pressure and flow figures vary by selected module and drain. Options describe an enquiry; not every combination is available. Confirm the complete selected reference and operating limits before ordering. This is a Beccentric product information and selection sheet. It is not a certified engineering drawing or a guarantee of stock. Confirm the exact product, compatibility and operating limits before ordering.

Specify your requirement

Festo MS Compressed Air Filters

The choices below help prepare an enquiry. Other sizes and identification assistance can be requested. Not every combination is available.

Series / body size	MS4-LF, MS6-LF, Match existing
Port thread and size	Thread standard and connection size
Inlet and outlet pressure	Normal / maximum inlet pressure and requested outlet setting
Flow and air-quality requirement	Required flow, filtration grade and connected equipment
Drain, bowl, gauge and mounting	Drain type, bowl guard, gauge and mounting arrangement
Application and working environment	Machine model, cleaning / washdown and any product-contact requirements
Complete manufacturer reference / existing markings	Include every suffix if known; otherwise ask for identification help

INCLUDE WITH YOUR ENQUIRY

Send the complete reference, requested size and configuration, operating conditions, quantity, delivery location and required date. Add label / installation photographs and state whether an alternative may be proposed for approval.

Quantity: _____ Required date: _____

Company / RFQ reference: _____

Exact replacement only / alternative for approval: _____
