FESTO PNEUMATIC COMPONENTS

Festo MS Filter Regulators

Combined compressed-air filtration and pressure regulation for machine air supplies. Select filtration, drain and regulated outlet pressure to match the downstream components.

Unit for enquiry: each | Product range

Festo product-family image. Exact size, connections and configuration are confirmed with your quotation.

PRODUCT DETAILS

Functions	Filter plus pressure regulator
Filter grades	5 or 40 micrometres, as ordered
Drain	Manual or automatic variants
Gauge/display	Match selected configuration
Mounting	Vertical; confirm selected assembly tolerance

TYPES / CONFIGURATIONS

MS4-LFR | MS6-LFR | Other MS size for enquiry

A filter regulator is not automatically a complete compressed-air treatment system. Select air quality, flow at pressure drop, inlet pressure, outlet range and drain carefully. Filtration grade is not a food-contact or sterile-air certification. Options describe an enquiry; not every combination is available. Confirm the complete selected reference and operating limits before ordering. This is a Beccentric product information and selection sheet. It is not a certified engineering drawing or a guarantee of stock. Confirm the exact product, compatibility and operating limits before ordering.

Specify your requirement

Festo MS Filter Regulators

The choices below help prepare an enquiry. Other sizes and identification assistance can be requested. Not every combination is available.

Series / body size	MS4-LFR, MS6-LFR, Other MS size for enquiry
Port thread and size	Thread standard and connection size
Inlet and outlet pressure	Normal / maximum inlet pressure and requested outlet setting
Flow and air-quality requirement	Required flow, filtration grade and connected equipment
Drain, bowl, gauge and mounting	Drain type, bowl guard, gauge and mounting arrangement
Application and working environment	Machine model, cleaning / washdown and any product-contact requirements
Complete manufacturer reference / existing markings	Include every suffix if known; otherwise ask for identification help

INCLUDE WITH YOUR ENQUIRY

Send the complete reference, requested size and configuration, operating conditions, quantity, delivery location and required date. Add label / installation photographs and state whether an alternative may be proposed for approval.

Quantity: _____ Required date: _____

Company / RFQ reference: _____

Exact replacement only / alternative for approval: _____
