SEALS & SURFACE TREATMENT

Non-Asbestos Full Face Gaskets

Full-face gaskets with bolt holes for compatible flanged joints. Identify the flange standard, nominal bore, drilling and gasket thickness. The exact non-asbestos compound must suit the fluid, pressure, temperature and joint; similar-looking flange patterns are not necessarily interchangeable.

Unit for enquiry: each | Product range

Flange-gasket range reference. Exact material, dimensions and suitability are confirmed with your quotation.

PRODUCT DETAILS

Material	Non-asbestos fibre; exact compound to be confirmed
Selection	Dimensions and medium compatibility

TYPES / CONFIGURATIONS

Full-face gasket

Sizes and options describe your enquiry. Beccentric confirms the exact grade, dimensional standard, availability and suitability in the quotation. This is a Beccentric product information and selection sheet. It is not a certified engineering drawing or a guarantee of stock. Confirm the exact product, compatibility and operating limits before ordering.

Specify your requirement

Non-Asbestos Full Face Gaskets

The choices below help prepare an enquiry. Other sizes and identification assistance can be requested. Not every combination is available.

Gasket dimensions (mm)	Inside diameter x outside diameter x thickness
Flange standard / class / facing	Standard, class or table, nominal bore and face type
Bolt-hole pattern	Hole count, diameter and bolt-circle diameter
Exact material / existing reference	Material grade, compound or full gasket reference
Process and cleaning conditions	Product, operating pressure/temperature, cleaning method and chemicals
Documentation required	Drawing, material traceability, seal or food-contact documentation

INCLUDE WITH YOUR ENQUIRY

Gasket dimensions, flange standard and face, hole pattern if applicable, exact material, medium, pressure, temperature, quantity and required date. Include a photograph or drawing.

Quantity: _____ Required date: _____

Company / RFQ reference: _____

Exact replacement only / alternative for approval: _____
