VALVES & STEAM

Globe & Stop Valves

Globe-pattern valves for shut-off duties and, with the appropriate trim, flow regulation. Specify whether you need simple isolation or controlled flow before a valve is selected.

Unit for enquiry: each | Product range

Product-family reference photograph. Exact construction, materials and operating limits are confirmed for the item quoted.

PRODUCT DETAILS

Connection	Flanged or threaded requirement; state standard
Duty	Isolation or regulation; include pressure drop for control duty
Operation	Handwheel or actuator

TYPES / CONFIGURATIONS

Manual globe / stop valve | Regulating globe valve | Actuated globe valve

This is a Beccentric product information and selection sheet. It is not a certified engineering drawing or a guarantee of stock. Confirm the exact product, compatibility and operating limits before ordering.

Specify your requirement

Globe & Stop Valves

The choices below help prepare an enquiry. Other sizes and identification assistance can be requested. Not every combination is available.

Nominal valve size	DN 10, DN 15, DN 20, DN 25, DN 32, DN 40, DN 50, DN 65, DN 80, DN 100, DN 125, DN 150, DN 200, DN 250, DN 300
Connection	BSP threaded, NPT threaded, Flanged, Butt weld, Socket weld, Hygienic connection
Required pressure class / rating	e.g. PN16; confirm the complete duty
Medium, pressure & temperature	e.g. water; pressure and temperature

INCLUDE WITH YOUR ENQUIRY

Medium, inlet and outlet pressures, temperature, line size, body material, pressure class and intended shut-off/control function.

Quantity: _____ Required date: _____

Company / RFQ reference: _____

Exact replacement only / alternative for approval: _____
