STAINLESS STEEL & FITTINGS

Hygienic Eccentric Reducers

Offset transition fittings between two hygienic tube sizes. Specify both outside diameters, wall thickness and the offset orientation so the fitting matches the installed pipework. Metric DIN and imperial tube sizes must be identified separately, even where their nominal descriptions look similar.

Unit for enquiry: each | Product range

Eccentric reducer section drawing showing offset geometry; final dimensions are confirmed against the quotation.

PRODUCT DETAILS

Geometry	Offset centre lines
Grade request	304 / 316L
Sizing	DIN metric or imperial tube dimensions
Dimensions	Both ODs, wall thickness and overall length

TYPES / CONFIGURATIONS

Weld-end eccentric reducer | Replacement to measured sample | Other end arrangement for assessment

Options describe the requirement to quote. Exact dimensions, grade, compatibility, availability and any material or food-contact documents are confirmed for the selected item. This is a Beccentric product information and selection sheet. It is not a certified engineering drawing or a guarantee of stock. Confirm the exact product, compatibility and operating limits before ordering.

Specify your requirement

Hygienic Eccentric Reducers

The choices below help prepare an enquiry. Other sizes and identification assistance can be requested. Not every combination is available.

Large x small tube outside diameter (mm)	State the standard and all relevant measurements
Connection / sizing standard	DIN metric, Imperial / ISO tube, Match existing connection
Required stainless grade	304 / 304L, 316 / 316L
Wall thickness at each end (mm)	State both ends
Overall length and offset orientation	Length, flat-side orientation and drawing
Process and cleaning conditions	Medium, pressure, temperature and cleaning chemicals

INCLUDE WITH YOUR ENQUIRY

Both end ODs, standard, wall thickness, overall length, eccentric orientation, grade and finish.

Quantity: _____ Required date: _____

Company / RFQ reference: _____

Exact replacement only / alternative for approval: _____
