INDUSTRIAL & PROCESS VALVES

Hygienic Globe Control Valves

Sliding-stem control valves regulate flow in suitable hygienic process systems. Straight and angle patterns, hygienic connections and wetted materials must be matched to the process and cleaning method. Provide flow conditions, upstream and downstream pressure, control signal and required fail position.

Unit for enquiry: each | Product range

Product-family reference photograph. The exact model, size, material and configuration are confirmed with your quotation.

PRODUCT DETAILS

Function	Modulating hygienic process control
Connections	Hygienic clamp or butt weld to specification
Wetted parts	Stainless material and seals to process duty
Actuation	Pneumatic assembly; signal and fail action required

TYPES / CONFIGURATIONS

Hygienic straight-pattern control valve | Hygienic angle-pattern control valve | Replacement valve / actuator assembly | Help me identify

Options describe your enquiry, not stock or a universal operating rating. Materials, connections, performance and supporting documents are confirmed for the exact item quoted. This is a Beccentric product information and selection sheet. It is not a certified engineering drawing or a guarantee of stock. Confirm the exact product, compatibility and operating limits before ordering.

Specify your requirement

Hygienic Globe Control Valves

The choices below help prepare an enquiry. Other sizes and identification assistance can be requested. Not every combination is available.

Nominal size / measured connection dimensions	DN / NPS / tube OD, and any measured dimensions
Connection / end standard	BSP threaded, NPT threaded, Flanged - specify standard and class, Weld end - specify dimensions, Hygienic clamp - specify standard
Flow and pressure drop	Min / normal / max flow; upstream and downstream pressures
Control and fail position	Signal, air supply, feedback, fail open / closed / other
Product and cleaning duty	Process medium, cleaning chemicals and temperatures
Body, trim and sealing materials	Exact grade, seat, seals or existing specification
Existing reference / documents required	Model, nameplate, drawings, certificates and required date

INCLUDE WITH YOUR ENQUIRY

Send measured connections, the complete existing reference or photographs, operating conditions, quantity and required date. Include any drawings or certification required.

Quantity: _____ Required date: _____

Company / RFQ reference: _____

Exact replacement only / alternative for approval: _____
