STAINLESS STEEL & FITTINGS

Hygienic Y-Strainers & Dirt Traps

Hygienic Y-pattern strainers for capturing specified particles in process pipework. Identify the required screen, connection standard and installed orientation when replacing a unit. A generic industrial Y-strainer and a hygienic process dirt trap have different connection and cleaning requirements.

Unit for enquiry: each | Product range

Product range example; confirm the make and configuration quoted.

PRODUCT DETAILS

Body layout	Y-pattern with removable element
End connections	Match hygienic connection standard
Filtration	Screen opening selected for the process
Maintenance	Specify cleaning method and access

TYPES / CONFIGURATIONS

Y dirt trap with male ends | Replacement element to reference | Complete process strainer

Options describe the requirement to quote. Exact dimensions, grade, compatibility, availability and any material or food-contact documents are confirmed for the selected item. This is a Beccentric product information and selection sheet. It is not a certified engineering drawing or a guarantee of stock. Confirm the exact product, compatibility and operating limits before ordering.

Specify your requirement

Hygienic Y-Strainers & Dirt Traps
