MAINTENANCE SUPPLIES

Industrial Gear & Compressor Lubricants

Industrial gear oils and compressor lubricants sourced by exact product name, viscosity and equipment specification. Refrigeration oils must be matched to the compressor and refrigerant; alternative oils require compatibility confirmation.

Unit for enquiry: each | Product range

Pictured: Mobil Gargoyle Arctic SHC 226E packaging. Product grade and pack size are confirmed for each enquiry.

PRODUCT DETAILS

References	Mobil Gargoyle Arctic SHC 226E; RENOLIN CLP 150 enquiries
Viscosity	ISO VG and manufacturer grade to be confirmed
Compatibility	Base oil, additives, seals and refrigerant where applicable
Pack size	Specify required volume and packaging

TYPES / CONFIGURATIONS

Industrial gear oil | Refrigeration compressor oil | Air-compressor lubricant | Exact lubricant replacement | Grease guns & dispensing equipment enquiry

This is a Beccentric product information and selection sheet. It is not a certified engineering drawing or a guarantee of stock. Confirm the exact product, compatibility and operating limits before ordering.

Specify your requirement

Industrial Gear & Compressor Lubricants

The choices below help prepare an enquiry. Other sizes and identification assistance can be requested. Not every combination is available.

Manufacturer / complete reference	Include every prefix, suffix and marking
Application	Industrial gearbox, Refrigeration compressor, Air compressor, Other equipment
Product / viscosity grade	Exact oil name and ISO VG if known
Equipment / refrigerant	Compressor or gearbox model and refrigerant
Required pack size / volume	Litres per pack and number of packs
Required OEM approval	Equipment lubricant specification

INCLUDE WITH YOUR ENQUIRY

Exact oil label, OEM specification, equipment model, viscosity, refrigerant if relevant, pack volume and quantity.

Quantity: _____ Required date: _____

Company / RFQ reference: _____

Exact replacement only / alternative for approval: _____
