AUTOMATION, SENSING & INSTRUMENTATION

Paddle-wheel Flow Transmitters

Flow measurement assemblies for compatible liquids in process and utility pipework. The sensor, electronic transmitter and pipe fitting must be selected together for the line size and liquid conditions.

Unit for enquiry: each | Product range

Bürkert Type 8035 paddle-wheel flow transmitter shown as a product-family example. Exact model, size, materials and configuration are confirmed in your quotation.

PRODUCT DETAILS

Sizing	Pipe diameter, flow range and fitting standard
Liquid	Conductivity if required, solids, viscosity and temperature
Electrical	Supply, pulse or analogue output and connection
Replacement	Identify both sensor/transmitter and pipe-fitting references

TYPES / CONFIGURATIONS

Complete flow transmitter | Sensor fitting | Electronic transmitter | Exact replacement

Choose the specification you need. Beccentric confirms the exact make, configuration, availability and lead time in the quotation. Alternatives are offered for approval. This is a Beccentric product information and selection sheet. It is not a certified engineering drawing or a guarantee of stock. Confirm the exact product, compatibility and operating limits before ordering.

Specify your requirement

Paddle-wheel Flow Transmitters

The choices below help prepare an enquiry. Other sizes and identification assistance can be requested. Not every combination is available.

Manufacturer and complete part number	Include every suffix and attach a clear label photograph
Pipe size and connection	DN / OD, connection and pipe material
Required flow range	Minimum/normal/maximum flow and units
Liquid and conditions	Medium, solids, pressure and temperature
Supply voltage, output and connections	AC/DC, signal, contact rating, connector and pinout

INCLUDE WITH YOUR ENQUIRY

Include the complete part reference, requested specification, quantity, required date and clear photographs. Confirm whether an approved alternative may be offered.

Quantity: _____ Required date: _____

Company / RFQ reference: _____

Exact replacement only / alternative for approval: _____
