VALVES & STEAM

Knife Gate Valves & Pneumatic Actuators

Knife gate valves and actuator assemblies for suitable industrial isolation duties. Match the valve design and materials to the medium and installation; flange drilling, face-to-face length and actuator action are essential replacement details.

Unit for enquiry: each | Product range

Pictured: WB11 family with pneumatic and manual actuators. Valve size, seat and actuator arrangement are confirmed with quotation.

PRODUCT DETAILS

Family enquiries	Stafsjö WB11
Connections	DN size, flange drilling and pressure class
Materials	Body, gate and seat compatibility with the medium
Controls	Air supply, position indication and pilot requirements

TYPES / CONFIGURATIONS

Pneumatic knife gate valve | Manual knife gate valve | Actuator / spare

Specify your requirement

Knife Gate Valves & Pneumatic Actuators

The choices below help prepare an enquiry. Other sizes and identification assistance can be requested. Not every combination is available.

Nominal size	DN50, DN65, DN80, DN100, DN125, DN150, DN200, DN250, DN300
Flange standard and pressure class	Drilling, PN/class and face-to-face length
Operation	Pneumatic double acting, Pneumatic fail-position arrangement, Manual
Medium, solids, pressure and temperature	Include chemical concentration when relevant
Body / gate / seat specification	Materials required by the application
Manufacturer / complete reference	Include every prefix, suffix and marking

INCLUDE WITH YOUR ENQUIRY

Complete reference, DN, flange standard, pressure, medium, temperature, materials, face-to-face length and actuator controls.

Quantity: _____ Required date: _____

Company / RFQ reference: _____

Exact replacement only / alternative for approval: _____
