MOTORS & DRIVES

Motor Brakes & Brake Rectifiers

Replacement brake controls, rectifiers and brake assemblies, identified from the complete motor and brake nameplates. Match the control type, brake coil voltage and braking torque before ordering.

Unit for enquiry: each | Product range

Pictured: BME 1.5 brake rectifier reference. Exact brake control, voltage and compatibility confirmed with quotation.

PRODUCT DETAILS

Rectifier references	BME 1.5 / 8257221; BMK 1.5 / 8264635; BG 1.5 / 8253846
Brake examples	BE1B / 10 Nm and BE2B / 20 Nm - exact voltage configuration to be matched
Identification	Motor and brake nameplate photographs required
Replacement	Compatibility checked against complete equipment reference

TYPES / CONFIGURATIONS

Brake rectifier | Brake control module | Complete brake assembly | Exact spare by reference

Match the full reference, motor / brake designation, controller supply, coil voltage and wiring. Braking work and required torque must be checked for the application. This is a Beccentric product information and selection sheet. It is not a certified engineering drawing or a guarantee of stock. Confirm the exact product, compatibility and operating limits before ordering.

Specify your requirement

Motor Brakes & Brake Rectifiers

The choices below help prepare an enquiry. Other sizes and identification assistance can be requested. Not every combination is available.

Component type	Brake rectifier, Brake controller, Brake assembly
Manufacturer / complete reference	Include every prefix, suffix and marking
Motor and brake type	Complete motor / brake designation
Supply / brake coil voltage	AC supply and DC coil ratings
Braking torque (Nm)	Required brake torque
Mounting and connections	Terminal layout, dimensions or wiring diagram

INCLUDE WITH YOUR ENQUIRY

Complete rectifier code, motor and brake nameplates, coil and supply voltages, brake torque, wiring and required quantity.

Quantity: _____ Required date: _____

Company / RFQ reference: _____

Exact replacement only / alternative for approval: _____
